

## OVERVIEW

---

- Lambton manufactures a complete range of structural solutions to support your material handling systems including catwalks, towers, and custom support frames. All structures are engineered for strength, longevity, and compatibility with Lambton conveyors, elevators, grain loops, and grain cannons.

## ELEVATOR SUPPORT TOWERS

---

- Standard sizes: 4', 6', 8', 10', 12'
- Custom sizes also available
- Available in 4-leg configurations
- Modular section construction for flexible design and transport
- Integrated platforms, ladders, stairs, and safety cages optional
- Designed for catwalk connection, head service access, or equipment mounting

### TWO-LEG TOWER APPLICATIONS

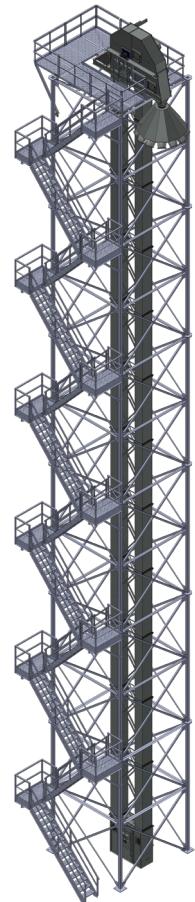

---

- Mount directly to grain bins or other buildings for compact installation
- Ideal for catwalk, grain cannon, or small conveyor support
- Engineered to utilize existing structure for lateral stability

## ELEVATOR TOWER RECOMMENDATIONS

TOWER SIZE	4' X 4'	6' X 6'	8' X 8'	10' X 10'	12' X 12'
PULLEY SIZE	9"	16"	24"	30" and 36"	42"
40' TOWER					
50' TOWER					
60' TOWER					
70' TOWER					
80' TOWER					
90' TOWER					
100' TOWER					
120' TOWER					
140' TOWER					
160' TOWER					

## CATWALKS AND BRIDGE SPANS

- Modular bolt-together, full galvanized construction
- Fully welded side truss
- Compatible with all Lambton conveyors and other major brands
